What time does the public availability session start? Should we meet at K&L from 2 to 4 instead?

I gather the meeting on June 5th (to discuss the CPG's modeling results) is confirmed. Could you send an agenda? Confirm time and location? Who will be presenting and attending on your end?

K&L from 3-5 PM.....

Bill P, Mike B, John C, Marcia and me

Agenda Yes next week

For the dredging at RM 10.9, when do you actually plan to start dredging? Before or after July 4th?

I think after....though equipment will be there but I think we will know better after the June 5 Public Availability

Clean Earth is expecting an approved AUD next week base on conversations with Suzanne and approved Air Permit modification soon thereafter

Also, any word on the AUD?
